

The Lucky Lunker Competition Rules Standard 2021

The terms and conditions presented in this document apply between The Lucky Lunker, LLC (“LL”) and or Third-party Hosts and those persons registering for and participating in “LL” competitive Events (“Competitor”). “Events” include both “Tournaments” (meet-up competition) and “Challenges” (virtual, online-only competition where participants do not congregate). The pronouns “he,” “him,” “himself,” and “his” herein are used as generic, gender-neutral terms and do not restrict or confirm access on the basis of sex.

Each Lucky Lunker Tournament, or any other host using our platform (referred to herein as “Competition”) is solely up to the discretion of the “Host” whether catch and release or weigh in Tournament. Lucky Lunker is not responsible for each “competition” or “angler” following local laws and or regulation. If the “competition” or “angler” is unclear, it is solely their responsibility to check with their local jurisdiction.

Lucky Lunker Competition Rules (this document) cover about 90% of the terms, conditions, and standards common to all Lucky Lunker Events and third-party hosts using The Lucky Lunker LLC platform.

Event-specific rules will be located on the Tournament Page, which includes details such as dates, locations, times, eligible water boundaries, restrictions, and exceptions to the Lucky Lunker Rules.

Together, these two documents comprise the Lucky Lunker Competition Rules. As a condition of participation in any Lucky Lunker Competition, the participating angler (“Competitor”) agrees to read, understand, and comply with all Lucky Lunker Competition Rules. Failure to comply will result in penalty, which may range from points deductions to submission denial or disqualification.

For each Event, the Lucky Lunker or Third-party Event Coordinator and/or Tournament or Series Director (“TD”) will be identified on the Tournament Event Page. The Tournament Director has responsibility for interpretation and enforcement of the “LL” Competition Rules and may amplify or clarify them to make them more relevant or complete. Tournament Director decisions may be disputed, as described in Section 17.A. “LL” management will review the Tournament Director’s decisions and revise the “LL” Competition Rules appropriately. Most recent “LL” Competition Rules revisions will be summarized in a Revisions Log (above) and highlighted in red in the body of the rules. Announcement of the rule changes will also be posted as soon as possible, generally within fifteen (15) days prior to implementation in the Lucky Lunker Facebook Page and the tournament page on www.theluckylunker.com.

1. Participation and Eligibility

A. Lucky Lunker Membership requires a profile set up on the home page to be able to participate in “LL” Tournaments and or third-party Tournaments

B. Professional Fishing Guides may register and compete in Events providing they do not guide-for-pay on Eligible Water within 30 days prior to the Event’s start-of-competition date.

C. Event Registration — All Lucky Lunker and third-party Competitions are conducted using a Tournament Management System (“TMS”). Each angler who wishes to participate in such an Event must have created a profile before the first day of competition and must sign up for the Event and pay the entry fee on the TMS, as specified on the Event Page.

D. Entry Fees — Entry Fee amounts, administrative surcharges, registration deadlines, late fee exceptions, and refund or transfer restrictions are specified on the Event Page for each Competition.

No Satisfaction Guarantee — Competitor understands and agrees that payment for the Event does not secure a guarantee or promise of satisfaction.

Competitor’s failure or inability, for any reason except as otherwise provided herein, to participate in any or all of the activities of the Event does not relieve or suspend the Competitor’s obligation to make all payments required by “LL” Rules on a timely basis, nor entitle the Customer to a refund or credit, except as provided below.

E. Payment — Competitor agrees that once an Event Registration is submitted, the terms and conditions of the “LL” Competition Rules constitute an Agreement that is a legally binding and enforceable obligation of Competitor.

F. Competitor’s Right to Cancel — Any competitor wishing to cancel an Event Registration may do so by submitting a request using tournaments@theluckylunker.com and must do so no later than 48hrs prior to the tournament.

Unless otherwise specified on the Event Page, cancellation shall result in an administrative fee equal to the lesser of \$25 or 25% of the Event Registration Fee.

For Challenges, if cancellation is dated more than 1 day (24 hours) prior to the Event, no administrative fee will be charged. Any cancellation dated 1 day or less before the Event shall result in a per person administrative fee equal to 25% of the Event Registration Fee.

Once an Event has started, no cancellations will be accepted, and no refunds will be provided.

“LL” is not responsible for any refunds of expenses related to travel or lodging reservations or other payments involving third parties.

G. Pre-Tournament Check-in — Each Tournament Competitor is responsible for reviewing the Schedule of Events on the Event Page for pre-event check-in times and location. Each Competitor must check in with official “LL” or Third-party “Host” Competition staff at the time and place designated in the Schedules of Event for verification of eligibility, signing of waivers if required, and rules acknowledgement. Late check-in and registration process (if permitted), event-specific instructions, and Event schedule are specified on the Tournament Page.

H. Captains Meeting Participation — Tournament Competitors are required to attend an on-site Captains Meeting or view a recorded “Virtual” Captains Meeting Webcast, as stipulated on the Event Page. Failure to either view a Virtual Captains Meeting or attend an on-site Captains Meeting results in a Competitor’s disqualification from the Event.

2. Fish Eligibility

A. Species will be determined on the Tournament page found www.theluckylunker.com.

Submission of a photo of an ineligible species will result in denial of the photo.

B. Length—The minimum length/weight will be on the Tournament page in the rules section. Photos of fish species shorter than the minimum will be denied.

C. Condition—Fish must be hooked in the mouth or jaw. It may not appear to have snagged, snatched, or hooked only in the body or a fin. If hooked in the mouth, a second treble hook that snags a gill plate, fin, or body is considered incidental and does not eliminate that fish.

Fish must appear to be alive. If fish appears to be dead, mutilated, frozen, mangled, or otherwise damaged, or it appears to have been mashed, mauled, or otherwise altered, the photo will be denied.

D. Caudal (Tail) Fin—The tip of at least one lobe of the caudal (tail) fin must be in contact with the measuring board (the Ketch cradle is not considered to be part of the measuring board for measurement purposes). If the fish's entire caudal (tail) fin is lifted away from the measuring board so that neither tip remains in contact with the board, the photo will be denied.

E. Eye—The fish's left eye must be visible in photo. Violation will result in denial of the photo.

3. Competition Period

A. Competition start and end dates and times are stated on the Tournament Page. Any Competitor who launches (i.e., places his watercraft on the water, occupies it, and goes under way) before the stated "Earliest Launch" time or begins fishing before the official Competition Start Time on any day of competition will be disqualified from the Event. When launch site congestion prevents others from launching safely, Competitors may place their watercraft in the water, occupy them, shove off and then stage (float, drift, or anchor) in the immediate area until the official "Earliest Launch," at which time they may proceed under way. Under no circumstance will a fish photographed outside of the official Competition Start and End times be considered for scoring.

B. Check-in—Tournament Competitors must be in the Report-in Line at Tournament HQ by the time specified on the Event Page. Failure to be in or through the Report-in Line by that time will result in disqualification from the Event, unless otherwise indicated on the tournament page rules.

4. Pre-fishing — Pre-fishing is considered to be any activity that takes place on eligible water defined in the event-specific rules. Activity would include fishing, scouting, and graphing. At the end of the pre-fishing time, the angler must be off the water. Pre-fishing in eligible water is permitted on the day prior to Tournament Competition until the time specified in event-specific rules on the Event Registration Page.

5. Competition Area

A. Competitive fishing is allowed only on publicly accessible waters within the geographic area designated on the Event Page as "Eligible Water more info." Photos of fish caught outside of eligible water boundaries will be denied.

B. Competitors may launch from any public-access shore directly onto Eligible Water. Crossing restricted property to reach Eligible Water is not permitted. Tributaries, canals, sloughs, or estuaries separated from the rest of eligible water by temporary obstructions (e.g., fallen trees, log jams, beaver dams) that, if removed, could be entered by floating/paddling are considered eligible waters in which competition is permitted, and competitors are permitted to drag or portage watercraft over or around such obstructions. Those separated by obstructions of a permanent nature across, or through which one cannot paddle/float (e.g., levees, earthen or concrete dams, berms, elevated roadbeds, spillways, waterfalls) are ineligible water, and competition in such areas is prohibited. Violation will result in disqualification from the Event.

C. Competitors are not restricted to fishing where they start out each day but are permitted to relocate to other Eligible Water during tournament hours.

D. Watercraft must not be anchored or in a stationary position as to prevent or block access for other watercraft or powerboats. Violation will result in disqualification from the Event.

E. Fish caught in eligible water while wading or walking on the shore are eligible for submission under the following conditions unless the rules on the Tournament page states different:

i. Competitor's watercraft must be launched before fishing from it or vacating it to catch and land fish while wading or walking on the shore or an ice field. "Launched" means placing the watercraft on liquid water, occupying it, and going underway.

ii. Competitor must pedal, paddle, or power his watercraft to the fishing location.

iii. Competitor must remain within sight of his watercraft at all times during competition, and the watercraft must be visible in every fish photo submitted. Any Competitor who goes out of sight of his watercraft for any reason (e.g., restroom break, to seek or render aid, or to report an emergency) must cease competition fishing and resume it only after re-launching the watercraft.

Violation will result in disqualification from the Event.

6. Cooperation and Assistance

A. Up until the end of the established pre-fishing period, competitors may fish with and receive direct assistance from other anglers and professional guides on the Eligible Water, except as restricted in Rule 6.B. and 6.C., below.

B. Within 30 days prior to the Event, a Competitor may not fish on Eligible Water with, nor receive expert advice from, a professional fishing guide who receives payment for those services. Violation will result in Competitor's disqualification from the Event.

C. Before and during the event, competitors may (i.) share gear, tackle and equipment, (ii.) assist in photographing a fish for submission, and (iii.) communicate with and fish in proximity to other people, including other Competitors (except Professional Fishing Guides, as stipulated in Rule 6.B., above); however, Competitors may not receive assistance in catching fish that are photographed and submitted for scoring, including boat positioning, casting, retrieving, hooking, playing, or landing a fish. Violation will result in Competitor's disqualification from the Event.

D. Competitors may not submit photos of fish if, at any time from cast to landing of the fish, the competitor or watercraft was in physical contact with another watercraft or person, except an observer occupying the competitor's boat. Violation will result in denial of the photo.

7. Fishing Tackle, Equipment, and Methods

A. All fish submitted for score must be caught live by the Competitor who submits them for scoring using only equipment and legal methods that comply with all sportfishing statutes and regulations of the states and body of water in which they are taken. Competitors are responsible for research of and compliance with all applicable fishing and boating regulations. Snatching or snagging fish is not permitted. When visually fishing a bed for any spawning species, to be admissible all fish must be hooked inside the mouth. Violation will result in disqualification from the Event.

B. All fish must be caught by the Competitor on rod, reel, line and hook with artificial lures only. No traps, snares, set lines or other methods of fishing other than rod, reel and line are permissible, even if legal under state game laws. Violation will result in disqualification from the Event.

C. Acceptable measuring boards:

“LL” and or Third-party Hosts measuring boards are determined per tournament. It is the competitor’s responsibility to verify through the tournament rules the proper measuring device.

Measuring boards may be shortened only by removing inches from the upper end (opposite the fence). For example, one may cut off the end of a measuring board at the 26-inch mark in order for it to fit crossways between a watercraft’s gunwales. However, it may not be broken, snapped, or cut apart and then reassembled at any point between the two ends. Violation will result, at minimum, in denial of photo.

A crack that does not separate the measuring board into pieces and does not affect the measuring board’s accuracy may be repaired and reinforced for use.

A slight flex in a measuring board resulting from a fish’s weight is allowed; however, Competitors are prohibited from deliberately flexing or deforming a measuring board by exerting pressure or reshaping it. Any modification of a measuring board that results in misrepresentation of a fish’s actual length is grounds for a competitor’s disqualification from the event and may result in subsequent sanctions and penalties as described in Rule 11.

D. Competitors may share measuring boards.

E. A break of the measuring board’s fence may be mended for use if the repair is rigid, flat and at a right angle to the measuring surface. The mended measuring board must be submitted to the Tournament or Series Director, personally or by two or more emailed photographs that clearly show (i.) the mended area and (ii.) a side view of the measuring surface and the fence. Violation will result in denial of photo.

F. Each competitor must use a mobile phone with camera capable of producing still photos. **Competitors Must Have Their Location Turned On, on their Phones when taking and submitting Photos!**

When a Competitor’s smart phone becomes inoperable or is lost, he may share smart phones with other Competitors, provided each Competitor logs into his own Profile account in order to submit photos of fish he caught. Competitor under the same circumstances may share digital cameras, provided each Competitor can clearly and positively identify photos of the fish he caught. Violation will result in denial of photo.

G. Only artificial lures and biodegradable artificial lures may be used. No live bait, preserved bait, or prepared bait will be permitted during competition, with the exception of pork strips or rinds. Unless otherwise specified in the tournament rules. Violation will result in disqualification from the Event.

H. Only ONE casting, spin-casting, spinning, or fly rod and reel may be in use at any one time. A rod and reel are considered to be “in use” when a lure attached to it by a line is in or on the water. A hung lure (one snagged in an overhanging tree) that is not in or on the water is not considered in use and the attached rod and reel may be set aside while another is in use.

I. Nets and grippers (e.g., Fish Grip, Boga-Grip) may be used for landing fish during tournament competition, but grippers must not remain attached to the fish in photos. Violation will result in denial or disqualification of the photo.

EXCEPT when fishing for Snake Head the grippers may stay attached to the fish during the picture as long as it does not impede the nose of the fish touching the bump board.

J. If a Competitor breaks his line while setting the hook or retrieving a fish, he is allowed to try with the rod being used or by hand to secure the line and land the fish to be counted as legal. He may NOT hook the line with another lure, rod and reel, or other device. If a Competitor loses his rod and reel while landing a fish, he MAY use another rod and reel to retrieve the lost outfit. If after retrieval, the fish is still hooked, it may be landed, photographed, and submitted as a legal fish. Violation will result in disqualification from the Event.

8. Watercraft & Propulsion

A. Watercraft acceptable for use in "LL" Competition are those Stated in the rules section on the tournament page.

If stated a kayak tournament in the rules the following manufactured and marketed as canoes, kayaks, or SUPs for which paddling is the primary means of propulsion. Any other watercraft must be submitted to "LL" and or the "HOST" Administration for review and approval prior to use in competition.

Use of watercraft in competition other than those listed in the rules as acceptable, or exceptions will result in disqualification from the Event.

B. Watercraft propulsion is restricted to what is stated in the rules of that Tournament on the Tournament page.

C. Unless specifically prohibited on the Tournament Page, use of a single electric propulsion unit per watercraft in "LL" and or Third-party sanctioned competition is approved with the following restrictions:

i. Competitors must comply with all boating regulations pertaining to motorized propulsion watercraft registration, use, and operating restrictions for the designated fishing area. Violation will result in disqualification from the Event.

ii. Electric motor used to propel a watercraft:

a. must be attached to the watercraft in a safe manner for operation, and

b. may not exceed the lesser of (a.) manufacturer's labeled Maximum HP/Thrust Capacity, (b.) 3 HP, or (c.) 155 foot-pounds thrust. Violation of either condition will result in disqualification from the Event. (This does not pertain to wattage capacity.)

D. Towing, transport or relocation assistance from another watercraft, including "mother shipping," is NOT permitted except in cases of emergency, as when pulling a kayak from a danger zone or restricted area. Once the emergency has ended, the Competitor may resume fishing only if the watercraft was pulled no more than 100 yards from the danger zone. Violation will result in disqualification from the Event.

E. Trolling (i.e., lure(s) attached to a single rod or more and towed behind a watercraft while underway) is permitted in Competition if in accordance with the rules on the tournament page.

9. Photo Standards—Digital photographs of each fish submitted to judges for scoring must meet these criteria and be **submitted within 30 minutes of lines out. It is up to and at the sole discretion of “LL” or the Third-Party Host as when to populate the Leader board:**

A. Unique—Each digital photo submitted in each Event must be of a different fish. Subsequent digital photos of the same fish submitted by the same Competitor in an Event will be denied.

B. Visible/Legible—Each photo must be in sharply focused and clear enough for a judge to:

i. Verify the correct Identifier Form and Event ID Code. Inability of the judge to verify will result in denial of photo.

ii. Verify the fish’s condition. Violation will result in denial of photo.

iii. Verify the fish’s length. Judge will score fish at the greatest length of which he is certain.

iv. Verify whether the fish’s jaw or lip is in contact with the measuring board fence. Inability of the judge to verify will result in a penalty of 1 inch.

v. Except where covered by hand or fingers, the entire fish, from its mouth/jaw to the tip of its caudal (tail) fin, must be visible in photos. If either end is covered or cropped off, the photo will be denied.

C. Centered—Camera lens positioned directly over the center of the fish’s body, which contributes to accurate measurement by judges. Photos taken at a low angle so as to obscure an open mouth may be denied or penalized at the Tournament Director’s discretion.

D. First generation—Each digital photo must be a first-generation image (not a photo or screen-shot of another photo). Violation will result in denial of photo.

Photos submitted for scoring that, in judges’ opinions, contain evidence of a possible disqualifying infraction—including photos that appear to have been cropped or modified (e.g, image enhanced or filtered) in such a way as to obscure infractions—will be accepted with a score of 0.01” and a note indicating the nature of the infraction is emailed to the Competitor. The Tournament Director will review all such photos and will make any disqualification ruling. The Tournament Director may also contact Competitors to request submission of original un-cropped, un-filtered photos for further review and verification. Failure by Competitors to respond or refusal to submit the original photo will result in denial of the photo.

E. Identifiable—Official “LL” or Third-Party Identifier Form placed above, below, or beside the fish (not covering any portion of the fish, unless attached to the Competitor’s hand or arm). Neither a hand-drawn form nor an image of the Identifier Form on a smart phone are permissible. Violation will result in denial of photo.

F. Background—Competitor’s watercraft clearly visible in the photograph. Violation will result in denial of photo.

G. Hand Position.

i. In bass competition, hand or finger(s) may be in contact with the caudal peduncle (fleshy, scaled part of the bass' body at the base of the caudal fin) but not covering or touching any portion of the caudal (tail) fin. Violation will result in a 1-inch deduction in score.

ii. No portion of a hand or finger may be under the fish's operculum (gill flap or cover). Violation will result in denial of photo.

H. Mouth

i. Fish lip or jaw must be in contact with measuring board fence (bump board, upright), and the fence must be visible in the photo. Violation will result in denial of photo.

ii. In fishing competition, a closed mouth is preferred for uniformity of measurement. If judge considers the mouth to be open 1/4 inch or more, even if it is structurally unable to close, a one-inch penalty will be assessed.

I. Not "In-possession." In most states, though not all, unless a fish is secured by a restraint device or is placed in a holding container, state regulatory agencies do not consider it to be "in possession" by Competitors, so states' minimum length regulations do not apply for photo submissions. If Event takes place in a state where photographing a fish constitutes "possession," and a photo is submitted of a fish that does not comply with state size limits, the photo will be denied. (Refer to regulatory compliance, Rule 7.A.)

10. Scoring

A. Fish length is determined by its caudal fin (tail fin) touching or crossing the manufacturer's quarter-inch mark (e.g., ridges, grooves) on the measuring board. If it falls short of a 1/4-inch factory mark, the length is rounded down to the next lower 1/4-inch mark that the fish's caudal fin actually touches or crosses. In reviewing photographs, judges will visualize as accurately as possible where a 1/4-inch factory mark would be if it extended the full width of a board and use that imaginary line to determine a fish's length.

B. If any portion of a fish' caudal (tail) fin extends off the edge of a Measuring Board surface, the score will be determined by the highest 1/4-inch measurement reached or crossed by the portion of caudal fin on the Measuring Board. Any portion of the caudal fin extending off the edge of a Measuring Board is not considered in scoring. Alignment aids and attachments to a "LL" or third-party host's-approved measuring board (e.g., a cradle attachment for the Ketch measuring board) will not be considered part of a Measuring Board surface when determining a fish's length.

C. Tournament ranking, contingency awards, Angler of the Year Points, Challenge Points, and Championship qualification shall be determined by the aggregate length of each Competitor's photos remaining on the Leader Board when judging has concluded, and the Dispute Period has closed. Unless otherwise stipulated on the Event Page:

i. In one-day tournaments the scores of up to the five longest fish (exact rule will be on the Tournament Page) on the Leader Board when judging is complete will be combined to determine the aggregate score.

ii. In two-day tournaments, the scores of up to the five longest fish of Day 1 (exact rule will be on the Tournament Page) and the five longest fish on Day 2 on the Leader Board when judging is complete will be combined to determine the aggregate score.

D. If a Competitor’s photo is denied by a judge after end-of-competition, it may be automatically replaced by a previously submitted and auto-culled photo; however, no Competitor may submit a replacement photo after end-of-competition time.

E. In the event of a tie in score, the tied competitors’ longest (highest-scored) fish are compared, and the tie breaks in favor of the competitor with the longest (highest-scoring) fish. If the longest fish are equal, the second-longest fish are compared and determine which competitor wins the tie. If the second longest are identical, the process repeats for each of the remaining fish. If all of the tied competitors’ highest scoring fish are identical, then the tie breaks in favor of the competitor whose last Leader Board photo was uploaded earliest.

F. “LL” judges apply the following scoring criteria to adjust measurements, approve or deny photos, and to penalize photos by deducting points (length) or disqualifying a Competitor.

| Item | Photo Scoring Criteria | Penalty |
|---------------------|---|-------------|
| a. Photo | Blurry photo/length unclear: scored at the highest mark of which there is no doubt | n/a |

11. Penalties

A. In the event of a rule violation, the Tournament or Director may impose such penalties as deemed appropriate, including without limitation, the following:

- i. Reduction of score (length) as described above or determined by the Tournament or Series Director
- ii. Loss of catch for the day or up until the violation has been remedied.

iii. Disqualification from the tournament in question

iv. Any additional penalties determined by the Tournament or Series Director including but not limited to monetary fines and/or reduction of Competitor of Year points.

Subject to the dispute and appeal processes set forth below, the Tournament Director's decisions on violations are final.

B. Following a review of evidence, a determination by the "LL" Tournament Director and/or Chief Operations Officer of cheating or conviction of fraud will result in permanent revocation of "LL" Membership, suspension from all "LL" and or Third-party Hosts Fishing competition and "LL" and or Third-party affiliated Events, and series, and revocation of all "LL" Social Media privileges. The findings will be published on a password-protected "LL" Members-only web page.

C. Competitor acknowledges that (i.) the use of polygraph tests may be necessary to verify compliance with rules and to settle disputes and (ii.) entry constitutes acceptance of this requirement and agreement to abide by its conclusion. Refusal by a Competitor to submit to a polygraph test is grounds for immediate disqualification from the "LL" and or Third-party hosts Event and prohibition against future participation in any "LL"-affiliated Event. Results of a polygraph test will not be the sole determining factor in a "LL" Management Review of a Competitor's eligibility for awards and qualification for future participation but may be one of several factors considered in such review.

D. "LL" and or Third-party Tournament or Chief Operations Officer shall

i. Have the discretion to determine the need for a Polygraph examination.

ii. Be responsible for (i.) selecting an independent expert to administer the polygraph test, (ii.) establishing, in consultation with the expert administrator, the scope of the questions that may be asked during the test examination, and (iii.) interpreting the results.

iii. Have sole responsibility selecting the location, date, and time of the test nearest "LL" and or Third-Party Tournament Directors headquarters or closest to Tournament location with respect to all concerned parties schedule and travel cost.

E. The Competitor shall:

i. Make himself/herself available at the location selected by the Tournament Director or Chief Operations Officer.

ii. Cooperate in all respects with such test.

F. Competitors may be selected at random to undergo polygraph examinations during or following "LL" and or Third-party competitive Events.

12. Awarding of Prizes

A. Prizes and numbers of positions paid out are addressed on the Event Page. Amounts paid per rank are subject to change based on participation (lower value for fewer entries and higher value for more entries) and sponsor provision.

B. Prizes will be processed after all photos submitted for scoring have been judged, the results reviewed by a separate panel, and disputes have been resolved.

C. Product prizes (e.g., kayaks, paddles, propulsion units) may require additional processing or delivery time. This allows competitors some flexibility in selection of model, color, or style. Product selection may be limited to specific features and models.,

13. Taxes — Competitors are responsible for all applicable taxes on both cash and merchandise awards. Failure to meet those obligations may result in disqualification from all future “LL” events. All prize recipients whose cumulative total for the year adds up to \$600 or more must fill out and submit a substitute IRS Form W-9 including name, address, social security number, signature and date. These are used to prepare IRS 1099 forms for distribution in January.

14. Sale of Prizes — No prizes won participating in “LL” Events may be advertised or promoted for sale on “LL” and or Third-party Facebook pages for a period of one full year. Violation of this rule will result in ineligibility for all future events and forfeiture of qualification status.

15. Safety

A. During competition, every Competitor must have all required Coast Guard safety equipment, (e.g., light source, whistle or other audible signal device, Coast Guard-approved, chest-type life preserver [PFD]). See www.uscgboating.org/.

B. PFD Usage — At all times while actively engaged in competition, except as described below (Rule 15.C. PFD Wear Exceptions), Competitor must wear a fastened USCG-certified vest-style PFD (inherent flotation or inflatable) or float jacket. A belt-style PFD, even one that deploys as a vest, is not permitted during Competition. When an infraction, as described above, is verified by the Tournament Director, the Competitor is disqualified from participation in the Event.

C. PFD Wear Exceptions — Competitor assumes responsibility for all consequences of removing his PFD. Competitor may cease competition and remove the PFD while his watercraft is beached, anchored or adrift only if doing so creates no unsafe condition. Competitor must put on and securely fasten the PFD before going underway or resuming competition.

If all of the following conditions exist, Competitor may briefly remove his PFD while afloat (anchored or adrift) in order to change, add or remove articles of clothing:

- i. No fishing lines are in the water; and
- ii. The watercraft is not underway; and
- iii. Weather and water conditions permit one to do so safely; and
- iv. Competitor is over the age of 12.

When finished changing his attire, Competitor must immediately put the PFD back on before going underway, fishing, or engaging in any other competition-related activity.

D. The Tournament Director has the right to postpone or cancel the start of an official tournament day because of adverse weather conditions or other factors that would jeopardize Competitors' safety. Tournament waters may also be restricted at any time because of bad weather.

E. In the event of weather emergencies that pose an imminent threat to Competitors, the Tournament Director may terminate Competition before the scheduled end-of-competition time. An Early Termination Announcement with an adjusted end-of-competition time will be broadcast to Competitors via email and group text messaging and will also be posted on the TMS site and social media sites. The Announcement will also specify an adjusted report-in time and location. If safe to do so, upon receiving the Announcement, Competitor should make his way to the specified location at that time.

Competitor is required to stop fishing as soon as he receives the Early Termination Announcement. No photos of fish caught after the adjusted end-of-competition time may be submitted for scoring; however, to accommodate those seeking shelter immediately, Competitor has up to 15 minutes after the Adjusted End Time to submit a photo of any Fish caught before the adjusted end-of-competition time/photo submission deadline.

Competitors are expected to follow high standards of sportsmanship, courtesy, integrity, safety, and conservation in support of the sport of competitive fishing, especially when in the vicinity of non-Competitors who may be on or beside Eligible Water. Any Competitor who violates these principles, intentionally violates Lucky Lunker’s and or Third-Party Competition Rules or regulations (attempts to commit fraud) or behaves in ways that reflects unfavorably up “LL” efforts to promote fisheries conservation, clean waters and courtesy, may forfeit tournament winnings, face suspension from future “LL” sanctioned events, be permanently banned from competition, or any combination thereof deemed appropriate by “LL”.

No change in rank or reward will result from disputes submitted after the deadline. Only Competitors in the Event where the disputed action occurred may submit disputes. Disputes must be handled privately. All parties directly involved will be provided a copy of the dispute. The Tournament Director (for judge’s rulings) or Chief Operating Officer (for Tournament Director rulings) will review the Competitor’s claims, thoroughly

Accordingly, it is an obligation of Competitors to refrain from comments in public forums and social media or to the news media that unreasonably attack or disparage the integrity of The Lucky Lunker Fishing tournaments or the Third-Party organizations that use Lucky Lunkers Platform, tournament officials, sponsors, fellow members, fellow Competitors or the Lucky Lunker organization. Competitors are encouraged to express themselves and have the right to question the rules officials. Responsible expressions of legitimate disagreement with “LL” policies are encouraged, as opposed to attacks upon the integrity of the rules or officials. However, public comments that a Competitor knows, or should reasonably know, will harm the reputation of The Lucky Lunker LLC, “LL” officials, “LL” members or sponsors, may result in disciplinary action.

All rights and obligations of the “LL” and or Third-party and the Competitor under this Agreement are subject to all applicable federal, state, and local laws and regulations. These terms and conditions shall

be deemed revised to conform to applicable statutes, rules, and regulations. "LL" may modify the terms and conditions stated herein at any time in its sole and absolute discretion. Competitor shall be bound by the modified Agreement and agree that no other modifications shall be enforceable. This Agreement constitutes the entire Agreement between the parties and supersedes all prior agreements between the parties, whether written or oral.
